Choose Trillium for the best tour experience.

We make every tour an amazing experience. We've thought of everything... incredible routes, carefully selected accommodations, culinary delights and those hidden attractions along the way: historic sites, wilderness hikes, natural wonders, golf and spas.

For added convenience, most group tours are accompanied by a support vehicle so you don't have to find a way to carry your golf clubs, valuables, fragile property, extra provisions or those irresistible mementos you purchase along the way. Your time is freed up for more important things... like riding your bike.

When you book a Trillium tour you can rest assured that rider safety is of utmost importance. All of our guides are seasoned riders that have had advanced motorcycle skills training. All tours ensure that rider experience and ability is taken into consideration.

Group Tour Packages

Our core business is providing group tours that let our clients experience scenic routes in Ontario and beyond in a safe, fun environment. We offer several categories of rides to appeal to a diverse group of riders. We offer rides for women only, mixed groups, singles and small private groups. Groups are limited to a maximum of 12 motorcycles to ensure the safety and enjoyment of all riders.

If you don't see a ride on our website that meets your specific requirements, let us know. We would be happy to arrange the ride that is just right for you.

Come ride the open road with us like you've never experienced it before!

Self-Guided Tour Packages

Want a more flexible approach to touring? No problem. Trillium's staff is also experienced at planning self-guided tours. We'll work with you to plan the perfect route and then take care of all the details. We make your reservations, provide the route map and make suggestions for all the great places to stop along the way. We do all the planning. You enjoy the ride.
